EXHIBITOR INFORMATION

WHERE INNOVATION MEETS APPLICATION

therapie LEIPZIG combines a trade fair, a congress and interactive practical sessions into a single platform where products are not only showcased, but also demonstrated, discussed and evaluated.

19,400 visitors **394** exhibitors (data from 2025)

THE NO. 1 TRADE FAIR IN GERMANY

HALL 1

THERAPY & REHABILITATION IN FOCUS – A HUB OF MEDICAL EXPERTISE

Meet decision-makers from therapy, rehabilitation and healthcare, showcase your products in person and generate high-quality leads.

From established providers to start-ups: the trade fair offers you a platform for innovation, practical insights and direct interaction with your target audience.

Our expertise includes medical technology and exercise equipment to computer-assisted therapy systems, apps and digital diagnostics, as well as solutions for practice management and patient care.

HALL 3

EXPERIENCE GESUNDHEITSCAMPUS AND PREVENTION – NEW TARGET GROUPS, NEW OPPORTUNITIES

In Hall 3, you'll broaden your horizons beyond traditional therapy: the focus here is on prevention, training, occupational health management and holistic health programmes.

Position your products, services and concepts to make them appeal to new target audiences – whether you are an established provider or a start-up. Meet professionals who take a holistic approach to health and actively shape it.

CONGRESSES AT therapie LEIPZIG

The **therapie LEIPZIG** congress, taking place at the same time, attracts around 2,500 participants and is one of the most important professional development platforms in the German-speaking therapy sector. The **interdisciplinary programme** combines current specialist topics with a strong focus on practice. More than 150 talks and seminars provide opportunities for knowledge transfer, certified professional development and professional exchange.

The **German Rehabilitation Sports Congress** (Deutsche Rehasport-Kongress) focuses on practical insights into training, organisation, quality assurance and current developments in rehabilitation sports. It reaches out to anyone who wants to further develop rehabilitation sports programmes professionally and to make them fit for the future.
